

INDOOR ACCESS POINT [iASU-24005G]

Wireless Products, Indoor Access Point

Taikan

Features

- Easy Installation
- Configuration Options: Access Point, Client, Repeater, Bridge
- 2.4 GHz Operation Frequency
- Low Cost Solution
- IEEE 802.11 b/g Compliant
- Enclosed 12 dBi Flat Panel Antenna
- 64/128 bit WEP encryption
- Ultra long range

Ordering Information

Model Number	Standard Carton	Dimensions	Carton Weight	Accessories
iASU-24005G	1 pc	4.5 x 4 x 1 inches	1 lbs	Antenna, Power Adapter, Ethernet Cable

Features

Standard Compliance	IEEE 802.11b, IEEE 802.11g IEEE 802.3, IEEE 802.3u	Security Systems	64/128/154 bit WEP encryption
Radio Frequency Type	DSSS	Wireless Setting	AP/Wireless Client (Infrastructure and Ad Ho Repeater/WDS Ptp and PTMP Mode)
Modulation	Direct Sequence Spread (DSSS)	Software / Firmware	Site Survey DHCP Client WPA Support Web-based Configuration (MS, IE, Netscape) Firmware upgrade
Frequency Band	2.412–2.462 GHz (11 channels)	Operating Temperature	0°C to 60°C (32°F to 140°F)
Operating Channel		Power	5 VDC +5%, 2A
Transmission Output Power	802.11b: 18 dBm 802.11g: 17 dBm	Adapter	100–240 VAC
Transmission Rate	108/54/48/36/24/18/12/6 Mbps auto fallback	Network Management System OS Support	Windows 95 / 98 / Me / NT4.0 / 2000 / XP
Physical Interfaces	10/100 Base-TX: RJ-45	Warranty	One Year
Sensitivity	-88 dBm @ 11 Mbps -74 dBm @ 54 Mbps		
Antenna Type	External high gain antenna: 5 dBi
